

Hyphae at Krblyn Jihn Kabin

NOVEMBER 2019
2

Please join Kcymaerxthaere's Geographer-at-Large Eames Demetrios in welcoming experiential light-artist **Annie Mitchell** at the **Krblyn Jihn Kabin** in Joshua Tree, CA. Mitchell will be installing her light sculpture "Hyphae" at the Kabin for one night only.

Event begins at 5:50 pm PDT (sunset) and lasts til sunrise

Location: Just South of Border Ave & Crestview Drive Joshua Tree, California

More specific directions:
The Kabin is on Border Road, south of Crestview, on the East side of Border Road. It is about a mile North East of the intersection of Park Boulevard and Highway 62.

Driving East, you take 62 to Sunburst, go North a mile or so and then take a right on Crestview. At the end of Crestview, the asphalt ends and you turn right on Border Road. The Kabin is about 2 "blocks" down a dirt road and you can park and walk from there.

Google maps will show Desert Trail and other parts of Border Road, but they require 4 Wheel Drive. We also recommend parking facing North (away from the Kabin for an easier exit and less headlights on the Art Work when you leave.

Share your experience with us on social media!

Tag #kcymaerxthaere #krblinjihnkabin #anniemitchell #hyphae to be featured!

Know before you go:

Remember -- You visit the Krblyn Jihn Kabin at your own risk:

- NO water
- NO power
- NO bathroom facilities on site.

The last 2 "blocks" of Border Avenue are dirt road, so: park to side to leave space for others.

RSVP: DM us on Instagram @Kcymaerxthaere

Follow the artists @anniem.me
& Geo-at-Large @eamesdemetrios

*And please remember this
piece is a light installation:*

**NO flash photography or highbeams.
And try to avoid creating unnecessary
light pollution.**
